Hi, Forrest-

See TetraTech's availability based on New Mexico's.

Checking Katie's calendar while she's out...Overlaying with ours, best times seem:

- Next Thursday afternoon (7/19) looks clearest for HQ. [I'd prefer not to do 1-2 pm Eastern but go ahead if that's necessary].
- I can do this Friday (7/20) -- but Katie is out and would be ideal if she can attend.
- Week of July 23: Monday is mostly wide open for us (I am busy at 2-3); Thursday 7/26 morning until about 1 is open. Skip Friday as Katie is unavailable.
